INTRODUCTION

This directory is intended to serve as a reference to North American publishers of materials on East European subjects. It is designed to assist those interested in obtaining publication listings of materials on East European subjects, and should benefit authors seeking publishers for new works in the field. No doubt creative readers will find still other uses for it.

The list of publishers derives from the database of the American Bibliography of Slavic and East European Studies (ABSEES) for 1988 and 1989. Those years saw considerable interest in the region and the publication of a wide variety of related texts. This list is by no means complete. Additional publishers can be found in earlier and forthcoming volumes of ABSEES.

The 450 publishers listed here have produced materials in the humanities and social sciences relating to Albania, the Baltic Republics, Bulgaria, Czechoslovakia, Greece (since 1821) and Cyprus, Hungary, Poland, Romania as well as the former East Germany, U.S.S.R. and Yugoslavia. The section entitled "History" also includes publishers of titles treating relevant areas of the Byzantine, Habsburg, Ottoman and Russian empires.

The organization of the listing is suggested by the subject headings in ABSEES. Section titles, such as "Economics and Foreign Trade," "International Relations," "Literature," etc., need little explanation. The section entitled "General" includes publishers of anthologies, biographies/autobiographies, reference works, and materials on bibliography, communications, emigres, genealogy, libraries/archives/

museums, library/information sciences, numismatics/philately, Slavic and East European studies in the West, and travel.

An alphabetical listing of the publishers with addresses and telephone numbers (when available) is included at the end.

This publication would not have been completed without the encouragement of David H. Kraus of the European Division whose knowledge of East European Studies derives from many years of experience.
